# 10 YEARS LOGO DESIGN

**COMPETITION**

## THE BRIEF

To celebrate the club turning 10 years old this summer, we are putting together a competition asking our members to design a new logo for the club. Our chairman (who is an award winning designer himself) will then turn this into a professional identity that the club can use going forward and include in future clothing designs.

There will be a shortlist of 3 submissions per age-group and then an overall winning design chosen by the committee.
